Staphylococcus aureus	6538	97.842%
Streptococcus pyogenes	19615	99.998%

Fits the EZ Hand Hygiene Dispensing System

Guaranteed Leakproof

By placing the dispenser pump at the top of the dispenser rather than the bottom, the risk of leaking at the valve is eliminated.

Visual Dispensing System

Allows users to see soap dispensing more easily and avoid over-dispensing.

Economical to Use

Each push yields .75mL of rich soap vs. 1.5mL per push for most bag-in-box liquid systems.

ADA Push Compliant... requiring one hand and less than 5 lbs. of pressure to dispense product.

Large View Window... the multi-purpose view window makes it simple to monitor the soap level.

Multi-Lingual Packaging

Each bag of product is individually labeled in English, French, and Spanish for easy identification.

Keyed Locking Option... for added security
