## Hand Hygiene

Many of the germs that cause illnesses and lead to absenteeism are spread by the hands. Proper hand washing is the best way to prevent the spread of germs, and Kutol's EZ Hand Hygiene Systems make hand washing easier and more effective. With 10 rich foam formulas and 3 premium liquid hand soaps, Kutol offers a wide range of formulations for combating germs. Our unique dispensers, with their sleek lines and durable construction, make our hand soaps easy to use.

## Visual Dispensing System VDS

Kutol's Visual Dispensing System technology, with its large push pad located at the top rather than the bottom of the unit, allows the user to see the single dose of soap as it is dispensed. This unique design eliminates waste caused by over-dispensing. In

addition, by placing the dispenser pump at the top of the dispenser, Kutol has eliminated the risk of leaking. Kutol's Visual Dispensing System is more cost-effective, uses less soap and water, and improves the image of all restrooms.
